

MAYO CLINIC

ROCHESTER, MINNESOTA

October 21, 1953

Dr. James G. Golseth
Pasadena Clinic of Physical Medicine
1060 East Green Street
Pasadena 1, California

Dear Jim:

I am a little late in answering your letter-- because of a duck hunting expedition (successful). However, I have forwarded to Doctor Rodriguez the fees for membership in the American Association of Electromyography and Electrodiagnosis.

You have asked that I serve as chairman of a committee on instrumentation and technique. I will be happy to do so as I believe that much needs to be done to organize existing information on these subjects, to foster certain critical studies which are required if we are even to standardize electromyographic procedure and to educate persons doing electromyography on the basic principles of the technic. I hope that these general aims for the committee will meet the approval of the group.

Yours very truly,

Edward H. Lambert, M. D.
